SERVICES

PRODUCTS

Concept AV supply a wide range of audiovisual products such as Projectors, Interactive Projectors, LCD displays, Interactive LCD Displays and LED Displays. We source our products from leading brands such as Crestron, Hitachi, Promethean, SMART, Epson and Extron.

AV INSTALLATION & PROJECT MANAGEMENT

Concept AV is an active member of AVIXA and many of our customer service, sales and technical staff have and maintain InfoComm International certification.

POST SALES SUPPORT & TRAINING

Concept AV provide a comprehensive Post Sale Support System, a fast response repair and maintenance service and maintain access to an extensive inventory of parts and accessories.

AV SYSTEM DESIGN & INTEGRATION

Concept AV design and integrate audiovisual systems for a wide range of business and educational applications. Our design consultants are industry accredited, and have access to the latest industry specific design software to provide clients with a clear representation of system functionality.

QA & CERTIFICATION

Concept AV maintains an AS/NZS ISO 9001 accreditation. Our commitment to our interrelated systems and processes ensures that we comply with all customer legal and ISO 9001 applicable requirements.

Concept AV is an experienced audiovisual equipment supplier and system designer. We work closely with our clients to deliver the AV solutions they need to achieve their business or educational goals. Our custom designed AV solutions incorporate quality hardware, professional installation and dedicated customer support.
